

## **P.C. Simonton & Associates Sponsors team for American Diabetes Association Fundraising Event**

For the third year in a row, P.C. Simonton & Associates, Inc. sponsored a team in the Clay Shooting Tournament at Dorchester which is in its 7th year of raising money for the American Diabetes Association. This year, despite the economic downturn, the tournament raised almost \$40,000 which will go directly to the Association.

The P.C. Simonton & Associates, Inc. team included company president, Paul Simonton, employees, Marcus Sack, Matthew Barrow and Justin Echols. The team placed second in the Lewis Class. Justin Echols finished the tournament with an overall score of 47 which was the third best score posted for an individual.

Diabetes is one of the leading causes of death in the United States, yet the federal government spends only about a nickel per week on diabetes research. For more information on the American Diabetes Association you can visit their website at: [www.diabetes.org](http://www.diabetes.org)
